

LAB-9

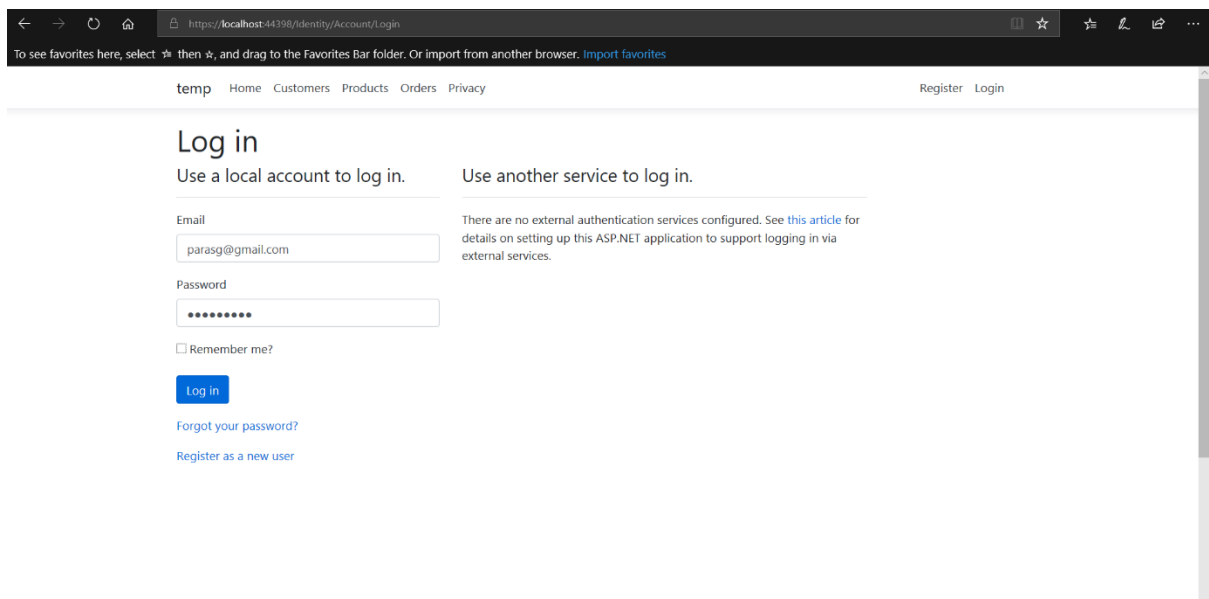

SCREENSHOT

- Creating new Account.

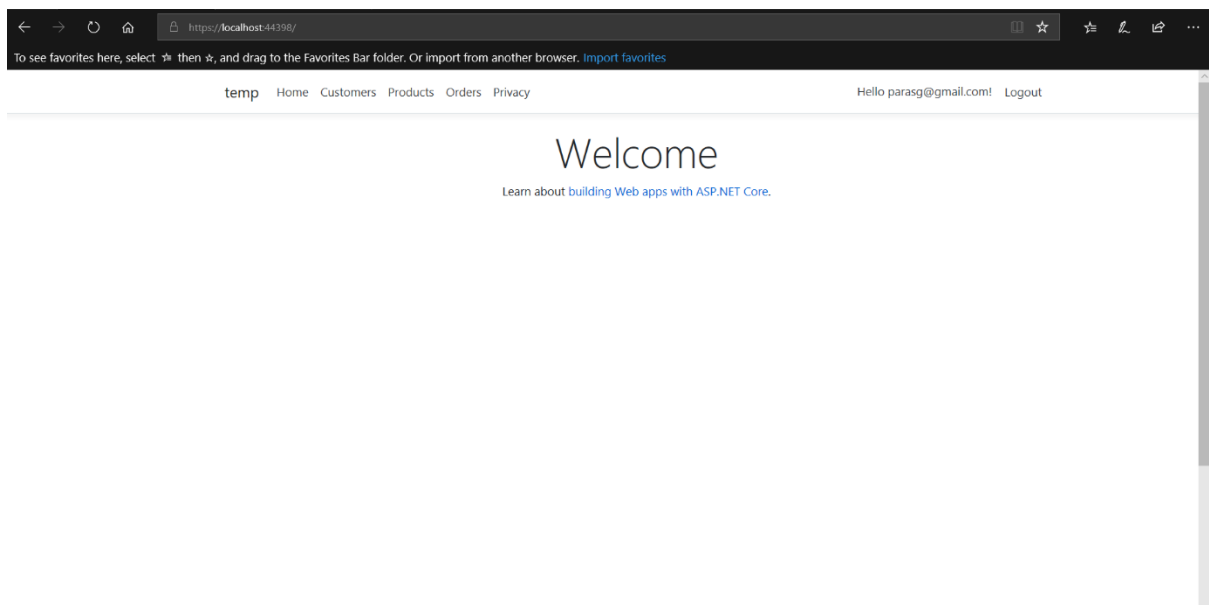

The screenshot shows a web browser window with the address bar displaying `https://localhost:44398/identity/Account/Register`. The page title is "temp" and the navigation bar includes links for Home, Customers, Products, Orders, and Privacy. The main heading is "Register" with the subtext "Create a new account." Below this, there are three input fields: "Email" (containing "parasg@gmail.com"), "Password" (filled with dots), and "Confirm password" (also filled with dots). A blue "Register" button is positioned below the confirm password field. To the right, under the heading "Use another service to register," a message states: "There are no external authentication services configured. See [this article](#) for details on setting up this ASP.NET application to support logging in via external services."

- Login into new created account.

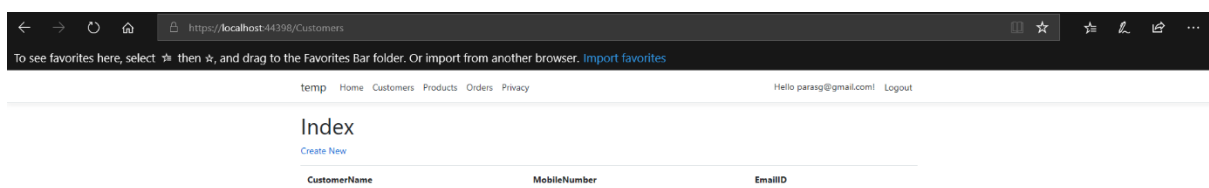

The screenshot shows a web browser window with the address bar displaying `https://localhost:44398/identity/Account/Login`. The page title is "temp" and the navigation bar includes links for Home, Customers, Products, Orders, and Privacy. The main heading is "Log in" with the subtext "Use a local account to log in." Below this, there are two input fields: "Email" (containing "parasg@gmail.com") and "Password" (filled with dots). A checkbox labeled "Remember me?" is located below the password field. A blue "Log in" button is positioned below the checkbox. At the bottom, there are two links: "Forgot your password?" and "Register as a new user". To the right, under the heading "Use another service to log in," a message states: "There are no external authentication services configured. See [this article](#) for details on setting up this ASP.NET application to support logging in via external services."
